No part of the magazine may be reproduced in any form or by any means whatsoever without permission in writing from the respective authors. Initial enquiries should be directed to the Editor.

# PRESIDENT'S REPORT

Hi Everyone

It's been a quiet month P76wise! With not much to report on; but a few things to keep in mind as the year draws to a close.

As the weather warms up a GENTLE reminder to check your engines, so overheating does not become a problem with your P76, remember to use coolant. Christmas is coming quickly, don't forget our final get together for the year! Wednesday 18th December. We need some donations for our Christmas Raffles - so bring a present for under our Xmas tree and receive a present! Also if you can bring a plate of food to share that would be great.

Keep in mind our February excursion to Mittagong, - the Berrima District Historical Vehicle Association Car Show. It is an interesting weekend with lots to do and some good catch ups to be made with car colleagues. The Springs Resort RSL Motel is the place to stay and be where the action is. Please read December's issue of our magazine for more details or contact Joe Green -who is organising the accommodation. Kevin Ward is in contact with the South Coast Holden Club - they have short car runs around the district and we are invited to join in - this will begin next year so check future magazines for more information.

A big Thank You to Alan Schultz for organising the ACL gasket sets for the V8 s. We appreciate the time and effort he spent to help us out in securing the last available gasket sets.

See you at the meeting Wednesday November 20th where we will feature a short restoration DVD with some technical tips.

All the best  
Peter O'Brien

# PLEASE NOTE:

Xmas Party night- could all members please bring along a plate of food and also a small gift (about \$10) for our free raffle. This would be much appreciated.

Kevin Ward has been negotiating with the South Coast Holden Club about organising a joint run with them about once a month. More details will be made available soon.

At our next general meeting night November 20th we are hoping to show a video to the members about the restoration of a P76.

## PARTS NEWS

Great news James Mentaplay has organized the rear Number-Plate Lens Covers to produced. These lenses are vastly superior to the previous lenses that have been remanufactured in the past, with these lenses being made out of poly carbonate. The poly carbonate James has chosen is UV resistant, which means they will not suffer from the discolouration that both the reproduced lenses and the genuine Leyland lenses suffer from. They will also be much stronger, which will mean less chance of cracking and breaking.

The lenses that are being made will also be painted with the silver section around the outside of the lense as per the original Leyland spec lense, this means they are supplied ready to install.

Members keep in mind if you don't need a pair now you may in the near future, so you should order now as sometimes you never know if we will have them made again, seize the opportunity & grab a set or 2 while you can. If you order through the club the price will be \$45.00 per set. + postage.

I think even if you don't need a set its great to support people that go to the effort to take on a project & remanufacture a part for our cars, as we are not Holden or Ford & you can't go to Rare Spare & pick one up of the shelf. Well done James If you would like a set contact Troy 0409 -988 - 757 order asap as we have deadline

## ACL GASKETS

There have been a few issues with the order that was put into ACL but without a doubt Allan Schutz has been doing a fantastic job getting all the clubs combined orders organised it is hard job that requires a lot of time & patience & dealing with problems.

So thanks for the great work & we know you are doing the best job possible & we appreciate it. We will let everyone know we have received the sets & they are ready to pick up. Troy

# BERRIMA RALLY 2014

This is always a great outing - you can come along for one day or two, whatever you like.

The meeting place this year will be the Mittagong Public School at 9.30am Saturday 8th February. On arrival tea and scones are available for all entrants. A Show & Shine will be held from 10am to 12pm. A judge will select the "Best in Show" and owners of selected vehicles will give a talk about the history of their vehicle. Lunch will be available and after lunch a scenic drive will be run and we will visit a shed full of interesting vehicles.

On the Saturday night as usual a smorgasbord dinner and entertainment will be held at the Mittagong R.S.L. On the Sunday morning at 9.30am the Club will start a short rally from the grounds of the R.S.L. Club and later at about 1pm a lunch and presentation of awards will be held at the R.S.L. Club.

This is always a great weekend and I am sure all who attend will have a terrific time.

Joe Green

## SOUTH COAST CRUISE

On October 20th we had a short run down the South Coast and were lucky that it was such a beautiful sunny day. The drive was great through the Royal National Park and we had a short stop at Stanwell Tops. Wow! is this view magnificent and the cars looked great against the backdrop of the ocean and distant cliffs. It was only a short run which we started off early in the morning, however it was a good day.

Troy

# Frank's a garage guru

THERE is not much Frank Realph does not know about that great Australian flop, the Leyland P-76 motor car.

Mr Realph is 89 now, and his claim to fame is that he spent 18 months compiling the Leyland P-76 workshop manual, published in 1973.

"I've seen every nut and bolt taken out of that car and put back in again," he said.

His technical knowledge has impressed the staff at the Laurels Retirement Home where he now lives at Kogarah.

Mr Realph is a past president and technical editor with the Institute of Diesel Engineers and served five terms as the president of the Diesel Engineers of Australia.

As the technical editor, he produced the institute's quarterly journals.

His hard work was rewarded and he became

## Master of the Leyland P-76

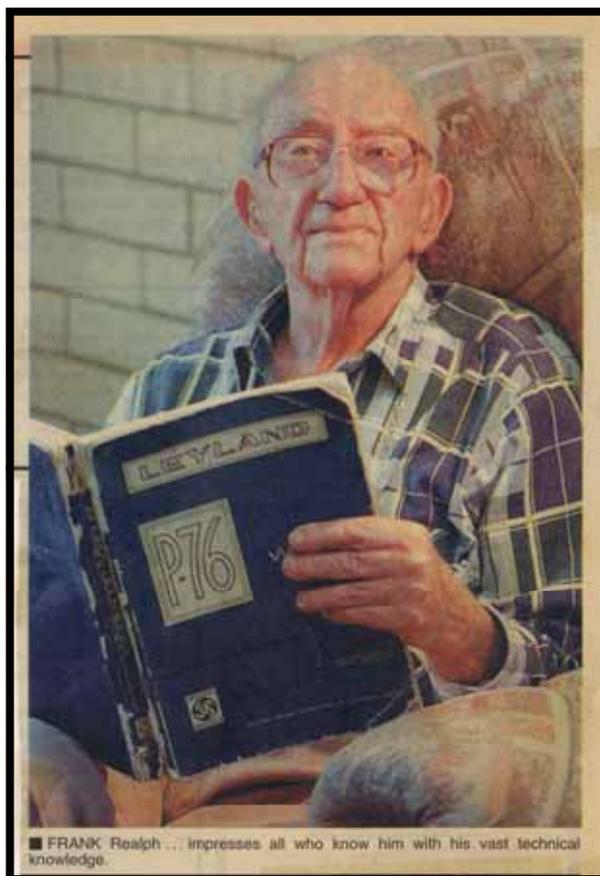

one of the few in Australia to be granted life membership of the institute.

Mr Realph also wrote the workshop manuals for the Morris and the Australian-built Mini.

He retired in 1974.

Though slowed down by illness, he still keeps up to date with the latest in technology with a regular supply of trade magazines.

His vast knowledge has been passed down to his two sons who are both engineers.

■ FRANK Realph ... impresses all who know him with his vast technical knowledge.

**THANKS TO THE ST GEORGE & SUTHERLAND SHIRE FOR THIS ARTICLE.**
