Editorial

Hello to one and all. This is the new editor's reporting in for our new job! It's been a lot of fun this month, at first we received all the Editors information from Jilden after the last meeting and brought it all home to sort out. We searched the CD to find the mag details, and started working straight away. We actually started work on the mag once Darren was home from hospital. He just had his tonsils out, and was very quiet for once! The magazine gradually came together over the month and we succeeded in finishing before the October meeting.

Thank you to Jilden for your 9 years of producing the magazine! There should be a Plaque for that one! Many, many hours go into putting the magazine together, as we have found out. But it is for a good cause.

Also, thank you to those who had a role on the club committee in 2007/2008. You did a great job. Let's see what we can do this year!

If anyone has an article, story, picture or anything for sale that you would like to put into the magazine, please send the information *at least one week prior to the Tuesday* of the next meeting, this giving us time to put your article in the magazine. *If your article does miss the mag, there's always next month.*

See you at the October Meeting.

Alissa and Darren Holt

Leyland P76 "Fame" Part 2

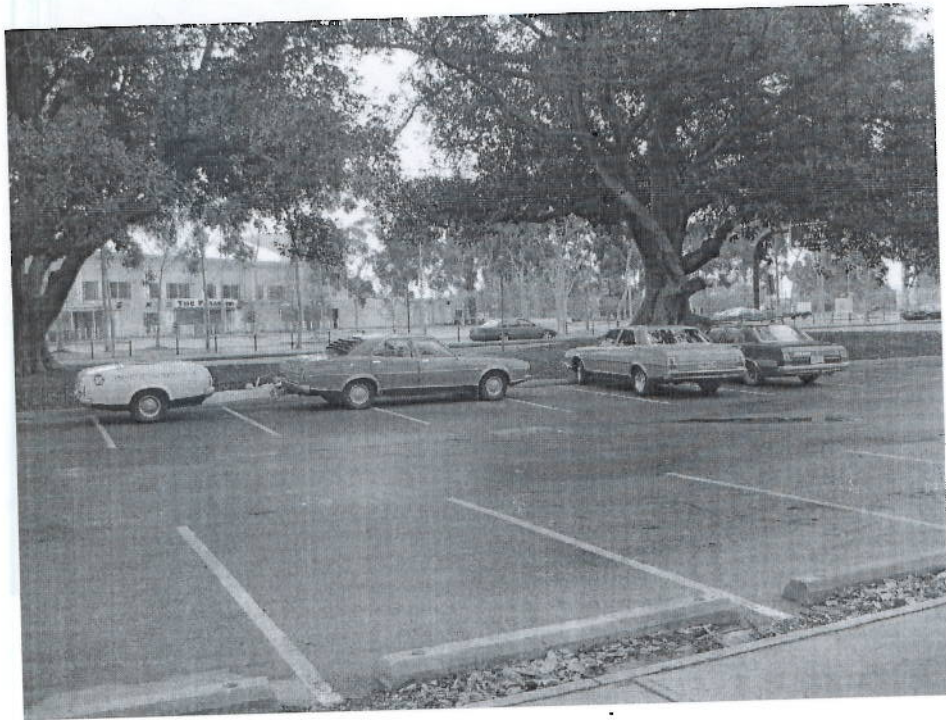

Hello and welcome back for Part 2, the *finale* of Leyland P76 "Fame".

Well Thursday came and went, and what a day we had! It was a big success and we all had a great time. *Congratulations to all involved!*

It was now time to plan for the next day, Sunday's shoot and Club run to Glenelg. There was talk of meeting up at AAMI Stadium before heading off to Glenelg, but we found out there was a football game on with Adelaide Crows playing that Sunday.

After much discussion, it was decided an alternative place to gather would be across from Channel 7 it's self, in the West End Brewery car park (Where the Christmas lights are every year). So we contacted Paul Makin and arranged to meet the Today Tonight camera crew there at 11:30am. Unfortunately Paul informed us, he could not attend on the Sunday as his Son was over from interstate.

Sunday morning arrived and we set off to meet at our rendezvous point, the West End Brewery Car Park. *Quite a few P76 cars were already there when we arrived!*

The "Two Boot" Trailer was there in all it's Glory, with the all New Club Stickers attached! A big Thank you to *Wayne and Wayne* for that good job!

The plan was to drive from the West End Brewery car park, down South Road and turn right onto Anzac Highway to Glenelg. We were all going to meet-up in the Car Park at the "Buffalo Restaurant" A big Replica Ship, where some of us had a booking for Lunch.

Other club members were keen to try the "Two Boot BBQ" for Lunch, so had decided to bring some snags with them for the big event.

Just then the film crew turned up, they fixed some mini cameras onto our Cars and set up the other regular cameras out on the road.

They wanted to film us driving out of the car park, then somewhere down South Road and on to Anzac Highway. We had to let them pass us at certain points along the way and wait for them to set-up again, before continuing on to Glenelg.

So we set off in convoy and turned down South Road, part way down we pulled over near a big Church on the left. We waited until the film crew past, then set off again. We spotted the film crew just ahead filming us again and we passed them near Henley Beach Road.

We did the same again on Anzac Highway, stopped the convoy of P's, but this time all bailed out of our P's and had a little chat. We saw the camera crew pass and then set off again to be filmed.

We got stuck at Traffic Lights a few times, but as they say "*the Show Must Go On*" or was that Freddy Mercury???

We had just set off driving again, we noticed that Geoff Fisher's Leyland was leaving a *snail trail* behind him... when we stopped at the traffic lights he wound down his window and informed us he had *popped* a core plug, *but was determined to make it!*

We arrived at the "Buffalo Restaurant" car park, lined up all the Leyland's up in a row, as we do, and gathered again for a friendly chat. The film crew carried on filming around us as we all started making plans for lunch.

Soon it was lunchtime. Those of us who were going to the restaurant for lunch went inside and the film crew continued to film the cars. Eventually the film crew finished and carried on to their next job. The remaining club members went to another location to set-up the BBQ.

We had a very nice meal at the "Buffalo Restaurant". We had our own private room and very good service. There wasn't a lot of us in there, but we still had a good time. Our kids Nicholas and Sophie liked looking out of the windows at the water, they were fascinated.

All up it was another successful day! Even though it was forecast rain, it held off.

It was great to be able to catch up together and just chat about whatever with everyone.

Thanks to those who made it. We all had a lot of fun and it was a day to remember. The Today Tonight Film Crew were very friendly and accommodating and they were really nice to talk to.

Paul Makin later supplied our Club with 3 Copy's of the 2 Day's of filming. One for Darren, one for the Club, given to Geoff Cutting and one copy for the Birdwood Motor Museum as a thank you for allowing the Force to be with us!

If anyone would like a copy of the DVD, please contact Darren (secretary) on 0415 944 639.

We hope you enjoyed reading this little article.

Club Assets list:

Knowing where Club Assets are, would make it easier when organising events & Club business.
So we don't lose any items, we are now creating an Assets list, which will be maintained continually.

Your help with this list would be appreciated.

Here is a partial list of items we know of.

If you notice any mistakes, or need to make additions, please contact Wayne Kircher at...

Leyland P76. Anything but average

Need friendly advice about Australia's own car – The Leyland P76?

Maybe you're one of the lucky group of people that actually own one of these fine motor vehicles. Or maybe you would like to own a P76? Or you are just plain interested in this great Aussie car!

South Australia has a very *strong* and *active* club, which promotes these vehicles. Just as we have a social calendar which caters for the needs of every member and age group. We have access to many new and used parts, which are available to club members for a fraction of the cost of parts available elsewhere.

For member information, phone – **Wayne Filmer on (0) 63 9654**

**1974 LEYLAND P76
TARGA FLORIO**

The P76 was undoubtedly Australia's most controversial family car, despite winning Wheel's magazine 'Car of the Year' in 1973. In 1974 the low-production Targa Florio was released, differentiated by its special wheels and bold side stripes and available in only three original colours. Alas, this is the **final P76 Targa Florio** to be released by Trax and its rarity is assured, with just **2400** Aspen Green models produced!
