MEETING CLOSED 8.20. NEXT MEETING 6/7/2010

Hi every body,

Not much to say on a personal front this month, other than the usual over worked and under paid, but I have decided to hold an auction at the next meeting. The item up for grabs is this cold of mine! It will go to the highest bidder.

Following is a report on a successful Pist`N`Broke rally conducted by Naracoorte Historic Vehicle Club held last April. They will be having another on the 9th -10th April 2011.

I have included two print out of email`s received that could do with discusion

I have been contacted about a 6cyl. P76 for sale at Wilaston . phone Robert on 08 8522 5004. It is pastel green Deluxe with Parchment interior. It is up on blocks and has some rust.

He has had some interest but not any reasonable offers.

I think I had a look at it some years ago.

The Naracoorte Historical Vehicle Club

First Pist "N" Broke Rally

held at the Naracoorte showgrounds on the 10th and 11th of April was a successful event, although the weather did not look very kind on the Friday the weekend did improve .Local and interstate visitors were rewarded with a good display of exhibits .On display were about 31 stationary engines with various working displays creating a lot of interest .An impressive line up of 28 tractors were displayed from fully restored to unrestored with some interesting makes and models .The vintage/veteran and classic cars were amazing with a total of 33 very well cared for cars , also 3 commercial vintage trucks , and also a collection of early model motor bikes .General exhibits were from junk yard sculptures to aeroplane engines .Not forgetting the ladies there were 18 stalls ranging from home made produce to embroidery goods .Many of the visitors were overwhelmed by the size of the grounds and commented what potential this rally has in the future ,and are willing to support next years rally.

Hi everybody

July club run: Sat. 10th Waterfall Gully for lunch and hopefully (weather permitting) a look around the falls. Meet at venue at 11.30

I am in the process of organizing a combined run with the Chrysler club most likely in September. Just waiting on an email.

Coming event: August 14th Chrystal Brook show.

I have had an email from Queensland club about a national meet, I will have it at the next meeting. Also one about door trims.

MAJOR HEADS UP

I recommend buying a magazine entitled "RESTORED CARS AUSTRALIA" July-August edition.

It has an excellent five page article on the Leyland Force 7 Coupe.

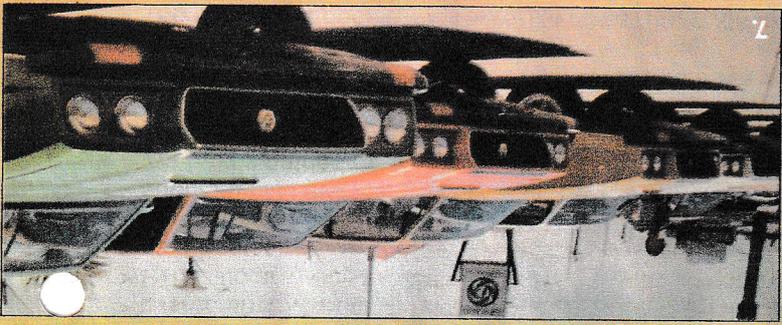

I have reproduced one page on the back of this one to wet your appertite.

Hi Adrian and Co,

With just over 18 months to go till the next Nationals time is running out for a State to put up their hand and host the event. I know it was discussed at the Nationals and rejected because of some problem (?) with getting out of sync with the two year cycle but may I suggest that if no club comes forward to sponsor the 2012 by the end of June that the event is held off to hold a huge 40th anniversary bash in Canberra in 2013. I know the current committee of the Victorian Club would support this concept and assist Canberra in providing them with support. Just putting it out there for discussion.

regards

Subject: Proposal to produce a 40th anniversary magazine
Part(s):  Message Source  Save As

G'day all

I would be more than happy to produce a 40th anniversary magazine.

I am the current editor of the Jaguar car club Magazine and indeed 25 years ago was the editor of the ACT P76 club magazine.

With a couple of years to do it we could produce quite a publication, only limited to how much we wanted to spend on printing.

I would happily do all the design and layout at no cost. There is between 50 and 100 hours work that would need to be done.

I would just need submissions from the P76 loving public to put into it.

The Jaguar one costs somewhere in the region of \$5000 to print 1000 copies of our largest yearly (52 page) issue which includes full colour cover and centre spread.

It is printed on a high quality gloss magazine stock and is two colours where it is not full colour.

We could work out how to pay for this in various different ways including sponsors (with adverts) and maybe a one off levy.

Any funds collected could be held by one of the clubs and paid to the printer on delivery.

As the size of the print run has only a small effect on the cost indeed at around \$5 per issue or less we could then produce enough for everyone in all the clubs to have one for a once off \$5 or less if there are some advertisements.

I will send each club a copy of the Jaguar Car club version if you let me know your addresses so you can see the quality of what I am talking about here.

I believe this would be a fitting tribute to our beloved cars.

Cheers

Stuart

Leyland P76. Anything but average.

Need friendly advice about Australia's own car - the Leyland P76?

Maybe you're one of the elite group of people that actually own one of these fine motor vehicles, or would like to own one, or just plain interested in this great Aussie car.

South Australia has a very strong and active club which promotes these vehicles, but just as important, a social calendar which caters for the needs of every member and age group. We also have our own parts shed which is full of new and used parts, which are available to club members for a fraction of the cost of parts available elsewhere.
