## Editors Notes

Well my sister and I have returned from our trip overseas to the UK and with a cruise thrown in the weather was great we even had a mini heat wave.

As well as catching up with all the relatives we also met up with UK member Alan Firth and his family. I had taken over a couple of things for him as his cases were rather full when returning from our National meeting.

Alan picked us up from our hotel pre booked before we left not knowing it was close to where he lived so we had to decline his kind offer of accommodation.

He showed us some of the local sights whizzing around the country lanes and up on to the moors before dinner at a local pub.

Look out for the  
next Tooheys

## TOM'S LEAVING

Long time member Tom Cooper has sold his car and will not renew his membership. Tom bought his Exec when it was only a couple of years old and has maintained it meticulously since. Unfortunately age has caught up with both of them and Tom felt he could no longer give the car the attention it deserved. The Leyland has gone to Victoria.

Thanks for your membership Tom

## Jim's 70<sup>th</sup>

Congratulations to member Jim Nicolson on his 70th birthday.

Di, Nigel & I had an enjoyable night at the Brighton RSL celebrating his milestone with his many friends and relations.

## ***PRESIDENT'S RAMBLINGS***

This is your Roving Reporter reporting from near Charters Towers in Queensland as I write this. We are having a lightning trip to Cairns to visit my last remaining Uncle who is on his last legs but hanging on. Travelling through this much country means that we are bypassing many good friends and Club members for which we apologise and will catch up soon. We left home on Sunday after the AGM, towing the caravan and have travelled north east since through Broken Hill, Cobar, Bourke, Cunamulla, Charleville, Tambo, Alpha, Clermont, Charters Towers and should arrive in Cairns on Friday. Haven't seen any P76s on the road.

I would like to thank the club members for the past year which has been busy for us. We bought teardrop banners and a banner for the marquee to better present ourselves to the public at car shows etc. Australia Day at Strathalbyn was our first outing with this equipment and I think all went well. The Easter Nationals was a major event for us which from all reports went off very well. We tried a few different things to mix up the weekend and I think we succeeded. The photo books were a bit late coming out due to one thing or another but well worth the wait.

Some club member's car have left the state as priorities change for some people. Tom Cooper's has gone to Victoria and Jilden's Bold as Brass gas gone to the west. Chris sold one of her excess to Tasmania so it seems to be indicating that people are prepared to look further than their own backyard to find what they are looking for. Changing the frequency of the magazine seems to be the trend among most clubs now as new information dries up and content becomes difficult to put together. Hopefully we can produce a better product.

An interesting thing happened about 6 weeks ago whereby we took a phone call at home from a chap in country SA looking for tyres for FJ Holdens , someone had given him our number as a club contact. Strange but true. Anyway one thing led to another and he claimed he had 2 two door P76 based car which his uncle transported from the factory and were supposed to go to a crusher but he bought them. He claimed he had paperwork. Quick trip to have a look BUT we were unable to view them as they are in an underground storage which is only accessible by a vehicle hoist which has his Lamborghini Diablo stuck on it without wheels and it was under an insurance claim so we could not even see that. He was a great story teller but when I showed him photos of Force 7s he said that his did not have tail lights as on the production models but were like the prototype ones. I have put him on the backburner for now but have not discounted him altogether. He did have a great collection of Holdens in various forms which were worth the trip. Keep you posted on this one.

More next time.....Nigel
