## CLUB FEES AND MAGAZINE UPDATE

It is almost that time of year again and the AGM is almost upon us. The AGM is when the new committee for 2009-2010 will be voted upon and also the club fees become due once more. I have attached notices with this magazine, the same as last year.

This months magazine is the first issue to be sent out by email all members who I have email details for will receive their magazine before the meeting not a week after, no more waiting for the post. I have a list of email addresses but if all members could send their details back with their fees so that I can update the list that would be great.

On the other hand if anyone who receives their magazine by email and has trouble with opening it please let me know so I can send you out back issues.

Thanks

## PRESIDENT'S REPORT JULY 2009

### Email Addresses:

Thank You to all of those members that have responded with their email address.

This July 2009 edition of Westwords will be emailed direct to all members that have provided an email address. You should receive it a few days prior to our June General Meeting. Those members can then print out a hard copy off their own printers, if they wish. For those members that do not have email facilities, we will still be mailing out your copy in the normal manner.

The above initiative is really a trial run, to see how it works. We would greatly appreciate your thoughts on this, so drop us a few lines and let us know your views.

### Club Raffle – P76 Book:

We have had a very good response to our mail-out of raffle tickets to members. The vast majority of members have responded with their payments, and their tickets have been validated for the raffle draw. For those members that have forgotten to send in their payments, you will have to be quick, because the cut-off date for reply payment is **31st July 2009**.

Direct sale of tickets will still be available for a couple of months after that date, however all mail-out tickets that have not been paid will be invalid.

### Club Mail Box (PO Box 507 Kwinana):

We had a recent problem with receiving mail into our Mail Box, which was the fault of our club, not a fault with Australia Post. I am glad to report that this problem has been resolved, and we still have the same PO Box Number address as in the past. I would like to thank Andrew Mentiplay for his efforts on this matter – his timely assistance sorted out what could have been a major problem, especially with the annual club fee payments about to come in.

### Club Fees 2009/2010:

You will receive with this Westwords a reminder about the club fees for 2009/2010. Your prompt attention to this matter is greatly appreciated by your club.

### Annual General Meeting 2009:

Our AGM will be held on Wednesday 29<sup>th</sup> July 2009 at our normal meeting place and time. I urge all members to support this meeting, and also to give consideration to stepping up onto the club's management committee for 2009/2010. You can make a difference – give it a go !

*Above: Leyland's at the Airstrip.*

*Left: Adrian Spencer going nuts.*

*Below: The event had to stop for a few moments from time to time while traffic went past*

Now for some reason, and I have no idea why, I must have looked like a responsible type. Someone thrust a two-way radio in my hand and told me to alert them to oncoming traffic from the Gunnedah end of the public road/emergency airstrip/drag strip we were using. Hal also wanted us to stage entrants and to call them forward when required. Nobody thought my 'Breaker breaker, rubber ducky, lets get ourselves a convoy' jokes were funny.

*Motor Gnome preparing to do a burn out. That's Norm Julian way in the distance.*

*Brian Hooper effecting running repairs on a thrashed bunkie Marina.*

It was fun to see the P76's getting a workout, and they were driven very vigorously indeed. Hal spat chips when Scott Wilson sped back to the parked car area and did a hand brakie. Although, as Scott pointed out, he never exceeded 80k's... It also looked like Brian Hooper would clean up in the first round when the Gnome turned up AFTER the first event had concluded and setting up for event two was about to start. He then bettered Brian's time and emerged on top.

While people thrashed the hell out of our cars, various locals turned up, including a few Mini drivers and a hairy lime Marina, in amazing condition that was owned by a local. I think Brian Hooper was eyeing off the visiting Marina for possible spares as he started to leak oil onto the road after a vigorous flogging of his Marina.

After the motorkhana concluded lunch was at the Gunnedah Koala Park. Direction to this was vague but I just followed people. Lunch was pretty good. I had two koala steaks and a koala burger. I saw my only koala, in a cage; it passed me a note when no one was looking that read 'HELP, GET ME OUT OF HERE IM BLIND FROM ALL THE CAMERA FLASHES'.

*Above: Bench seat, standard steering wheel, deluxe dash and trim.*

*Right: Excellent detailed and clean engine bay on Motor Gnomes Deluxe Taxi pack car.*

*Below: This is a clean clean car. The lack of any external fruit salad accentuates the Leyland lines.*

On Sunday night the Leyland fanciers attended the 'unofficial dinner' at the RSL in Gunnedah. Here the results of the various competitions were announced and the 'State of Origin' trophy presented to Steve Maher from the NSW club.

*Steve Maher accepting the plaque.*

Despite a valiant effort from the three or four Qld cars, the sheer weight of numbers from the NSW clubs meant that the results were inevitable. Still, the Qld lads acquitted themselves with honour. I sat at a table with the Grays and Scott Wilson. Scott's other interest is old Leyland buses and I learnt more about bus gunzelling in one meal than the rest of my life until now. I also now want to buy a bus. I fancy a double decker, so I can roam the streets watching out for Blakey (from On the Buses).

*Hal Moloney and his wife.*

*Motor gnome*

*P76 in need of an under bonnet insulation kit.*

*Jason Birmingham*

*Two idiots clowning around after eating koala steaks*

The evening was a lot of fun, and capped off a very well run and organised event. The next day I drove back to Canberra in the rain almost all the way. If anyone wants a fun drive, I recommend the unsealed rode between Bathurst and Goulburn. Rain, hills, hairpin turns, dirt roads. The quadrella.

I'd like to thank Hal Moloney for a great time, and all the people who attended. It's nice to catch up with these eccentric and knowledgeable idiots every now and then. While the P76 might have stopped being produced in 1974, it is a car that is still very much alive.
