SHARE THE PASSION

28th November 2009

With the 27th March fast approaching, we felt it was time to update you on the upcoming Brookton Old Time Motor Show. Our theme is 'Muscle Cars', however, as with previous years all vintage vehicles are welcome – cars, trucks, chainsaws and bikes included! We will once again be welcoming back the fantastic array of vehicles and machinery, out for all to see in the Roadwise Grand Parade. There will be Shearing demonstrations, Aerobatics, Plane rides and the Local Fire Brigade mock rescue. Not forgetting the family, we have some fantastic family interest stalls along with a variety of children's entertainment, including a Scitech interactive science display, once again, something for everyone—a day out for all.

Our registration pages on the website are open so please fill these out and register your club, or just as individuals if you prefer. (www.otms.org.au) We are again welcoming camping on the oval, we have two bands playing Saturday, one starting late Saturday afternoon, Bridging the Gap and then a Classic Rock band, Men and Their Sheds will continue into the evening.

The entrance fee for the day is \$12.00 per adult and \$5 for 10 to 17 year olds, 9 and under are free. All proceeds from the day are donated back into the local community, your previous support has led to us raising much needed funds for our local St John Ambulance, local School and to the local Historical Society just to name a few!

We look forward to welcoming you on the day, please do not hesitate in contacting either Brad or myself on the above numbers, or by email if you require any further information.

Regards

Suzanne Turner
Secretary

MEDIA RELEASE

info@retroautos.com.au

A 2016 A 241 Special New 2016
M0407 710 409
M04110413 711

A new Collectible & Classic Car magazine

Retroautos

First issue available in newsagents during February/March 2016.

Retroautos is a bi-monthly, full colour magazine celebrating classic and collectible automobiles and their owners.

Retroautos is for those who are passionate about owning, restoring, driving, showing, racing, fixing, cruising-in and escaping into the world of classic and collectible automobiles.

Retroautos will not be restricted to cars. Trucks, race cars and other forms of motor transport will feature, as long as they are classic and/or collectible!

Contribute to Retroautos!!

With this media release we are calling for those individuals and car clubs who are interested in contributing articles, information and photographs to **Retroautos**. We are encouraging classic car clubs to become actively involved.

www.retroautos.com.au

Editor in Chief of **Retroautos** is Dennis Newlyn. The Publisher is a company owned by David Burrell. Both Dennis and David are long-time classic car owners.

Additional information available from David Burrell, contact:

info@retroautos.com.au

Phone: (0407 770) 409

Escape into the collectible and classic car world of Retroautos.

WA 6904.

Phone. Check White Pages for current listing.
www.councilofmotoringclubs.asn.au

Information has been provided by 'Department for Planning and Infrastructure' (DPI) (previously 'Transport') and compiled by the Technical Committee of the Council of Motoring Clubs of WA Inc.

All care is taken to ensure information is accurate at time of publication but as changes can occur you should check with your Club Registrar or Examiner/Scrutineer. *Edited by John McLean.*

Description of Terminology.

CMC WA:	Council of Motoring Clubs of WA Inc.
DPI:	Department for Planning and Infrastructure, previously known as 'TRANSPORT'.
AIS:	Approved Inspection Station. Where Club Examiners, who are approved to examine for initial concessional licence examinations, carry out examinations.
AIS Examiner:	Club examiner approved by 'Department for Planning and Infrastructure' to conduct initial examination for Club Concessional Licence or lighting examination.
Scrutineer:	Qualified person appointed by individual clubs to conduct annual inspection of concessionally licenced club vehicles.

Frequently Asked Questions.

How does a Car Club gain the ability to Issue Concessional Club Licences?

The Club should be a Member of the Council of Motoring Clubs of WA (Inc) - CMC WA - and must have a minimum of 30 members.

The Club must apply to the Department for Planning and Infrastructure (DPI) for permission to provide Concessional Club Licence facilities to its members. Application forms are available from the Secretary of the CMC WA.

The Club must appoint a suitably qualified vehicle Scrutineer for the required annual Club inspections and must appoint a Club Vehicle Registrar. It is **not recommended** that the Scrutineer be the Registrar. If a separate Registrar is not appointed, it is stipulated that the Secretary undertake that role. The Club must undertake to inspect every vehicle on its Concessional Licence Register before June 30th each year. The Registrar must keep records of all vehicles on concession and must notify 'DPI' of any changes. For example;

1. Club member with concessionally licenced vehicle does not renew membership.
2. Club member sells vehicle.
3. Club member does not follow regulations regarding use of concessional licence.

At the start of each Financial Year, the Registrar must forward to 'DPI', a list of vehicles that have been inspected or have been notified to the Registrar that the vehicle is off the road for repairs. The owners of vehicles that have **not** been inspected or notified to the Registrar that they are off the road for repair will be contacted by 'DPI' and have their licence transferred to full registration at the owner's cost, or de-registered.

*** Please ensure that annual returns are submitted promptly. ***

The Club should ensure their by-laws clearly outline the responsibilities and authority of their club vehicle Scrutineer. If a Scrutineer has a conflict of interest or personalities, he should request an outside Scrutineer to carry out the examination/s.

An AIS Examiner is not permitted to carry out the initial examination for Concessional Club Licence on his own vehicles.

The mandatory descriptive plates i.e.: Veteran, Vintage, Post-Vintage, Invitation, now standardised to HISTORIC, are available through the CMC WA Secretary, as are the mandatory windscreen stickers and Inspection Books for annual inspections. 'HISTORIC' stickers are also available.

Some Clubs apply additional conditions e.g. fire extinguishers must be fitted to every concessionally licenced vehicle or, members with Concessionally Licenced vehicles must attend a certain number of Club events per year. These are Club, not licence, requirements.

What years do the classes cover?

Veteran:	to December 30th 1918.
Vintage:	January 1st 1919 to December 30th 1930.
Post-Vintage:	January 1st 1931 to December 30th 1950.
Invitation Class:	January 1st 1951 to December 30th 19** . Must be more than 25 years old.

"HISTORIC" plates now cover the above classes.

Under exceptional circumstances, and subject to DPI approval, later model vehicles (newer than 25 years) may be placed on Concessional Club Licence. The category is:

Unique & Historic: A vehicle of limited availability in Australia, or a vehicle which is sufficiently unusual to warrant collection.

And/or a vehicle which has some historical significance in that it, or similar examples, are recognised as being part of motoring history (locally or otherwise), or a vehicle which has an early (low production number) or last (end of production example of a particular marque or model).

Left-hand drive vehicles are eligible for inclusion in this arrangement, however, steering orientation alone does not normally classify a vehicle as unique or historic.

Vehicles that do not comply with DPI's modification policy (for concessional licencing) are not permitted to be licenced under club concessional arrangements and all eligible vehicles must therefore conform to original manufacturers specifications.

Who can have a Concessionally Club Licenced vehicle?

The owner must be and remain a financial member of a recognised Car Club that is affiliated to the Council of Motoring Clubs of WA Inc.

What type of vehicle can I put on Concessional Licence?

Any type of motor vehicle manufactured more than 25 years ago (at commencement of year model). This includes cars, trucks, motor cycles, buses and tractors.

When can I use my vehicle?

You may use your vehicle for any minuted Club event even when organised by a different approved club from the one to which you belong. You may use your vehicle for participation in rallies, tours, meetings, displays, busy bees or any activity authorised by approved Clubs, Registrars or Council of Motoring Clubs of WA Inc.

You are also permitted to 'Road Test' your vehicle, which means, taking to a service centre for repair, filling with fuel, occasional driving to ensure brakes, cooling and other systems are operating correctly. You are NOT permitted to use your vehicle to commute to work or for general transport.

Can I modify my vehicle?

No. A key objective of the concessional registration scheme is the preservation of historic and unique vehicles in original condition.

All vehicles on Concessional Club Licence **must conform to the manufacturer's specification**. Some exceptions may be permitted in specific circumstances and must be presented, in writing, detailing ALL aspects of the required exemption, to the CMC WA Technical Committee. Applications must be supported by your Club executive prior to being submitted to the Technical Committee. The Technical Committee will accept, amend or reject the request. Generally, the only modifications to be approved are those required to keep a vehicle roadworthy if original parts cannot be sourced. Any such modification must remain within the spirit of the historic vehicle movement.
