Nov 20th: Triumph & Standard Day - The Club has agreed to attend. More details to follow.

Concessional Licence Inspections

In the latest issue of Westwords, in the Coming Events section we had an event listed for the 7th of May. This event is the Saturday Night Fever car show held at the new BP Roadhouse on the Kwinana Freeway in Baldivis. We have changed this event to incorporate the Annual Inspections for all of the cars on Club Registration. The new date for this event will be the 14th of May. We will be meeting at the Shell Service Station on Bannister Road in Canning Vale (near the South Street Intersection) at 4pm. The inspections will take place at the Shell Service Station. After the Inspections have been completed, we will then travel to Saturday Night Fever. If you have a car on Club Rego, it is compulsory to attend the Inspections. If you do not wish to attend the Saturday Night Fever event after the Inspections, you are more than welcome to head home. The fee for the Inspections is \$20 per car. If for whatever reason you cannot attend the Inspections, please let me know prior to the event and we can make alternative arrangements to get your vehicle inspected

Waroona All Aussie Car Show 2016

It was a great turnout at the Waroona All Aussie Car Show on the 10th of April, despite the weather, thanks to all those who came. Great to see Grant and Chloe's Orange deluxe for the first time since they've restored the car, it looks fantastic. Congratulations also to Mick LeCocq for taking out the trophy for best 'Leyland'.

Does your P76 need a Dentist?

Hi, Just writing to let your members know that I repair worn teeth on ring gears. Over the years I have repaired hundreds for vintage cars; however I repair all makes and models from Outboard motors to Bentleys and everything in between. I have been building up the worn teeth on ring gears and recutting them back to their original profiles for over thirty years. Generally the repaired teeth are harder than they were originally. We also make up heavy duty drive plates. I have been repairing automotive components since the mid-sixties. Please give me a call if further information is required. Also if any of your members own Holdens, Vauxhaults or Oldsmobiles with Hydramatic transmissions I also recondition the Damper plates as well as the input shaft that the damper mate to, I also supply parts for the Hydramatic transmissions.

Regards, Gordon Pendlebury 0411391677

G Pendlebury & Co Pty Ltd 19 Purvines Road Yellow Rock NSW 2777.

From the Club Facebook Page

Taylor's of Medindie (Adelaide based BMC/Leyland dealer) had a long and proud history of rallying Leyland products, and formed a close relationship with the factory enabling them to access ex-factory Rally Cars and special parts.

At one stage, they campaigned 2 x P76's in the South Australian Rally Championship, winning rounds against some formidable competition.

The P76's were Deluxe V8 4 speeds, with one being Dry Red and the other Corinthian Blue.

After 30 long years of waiting, the famous Torony extractors are available again. Developed by P76 Sporting Car Club members Joe Torony and Paul Patten for their famous Budgie P76 race car in the early 1980's, the Torony extractors are the only after market extractor developed specifically for the P76 V8.

The Torony extractors were developed after many hours spent on the Dyno, ensuring that there were substantial performance gains.

On a standard V8 engine, the Torony extractors were gaining an extra 18% in torque with the correct tuning.

These extractors are available now exclusively through Mentiplay Leyland.

Mild Steel: \$600.00

Stainless Steel: \$800.00

Have your WestWords Emailed

The advantages of email copies are: (1) Faster delivery; (2) Full colour of all pictures; (3) Secure storage of copies in computer hard drive and/or flash drive; (4) Environmentally friendly; (5) Ability to share magazine with friends as potential new members; (6) Release of Club resources to fund other services.

Members on the Club emailing list also receive copies of interstate P76 club magazines when they become available.

Your co-operation in this regard would be much appreciated. Simply send your email address to the Editor: adam_woodwards@hotmail.com

It is understood that some members do not have online access and will continue to require hard copies sent by regular mail.
